# Bringing You the Best of the Oregon Coast!

The purpose of Oregon Coast Artists is to provide a low-cost online venue for artists, craftspeople, photographers, authors, manufacturers of a product unique to the Oregon Coast, and similar creative people to promote their creations, talents, or services. We offer a low-cost basic web site for those who do not currently have a web site to be used to present their craft or product.

For those who have an Internet presence, a link to their web site or a link button can be established. We can get you connected even if you don't want to have a web site! It's easy! Area businesses and organizations may also participate in this venue. Please contact us for details on advertising on the web site.

Are you hosting an event? Please put us on your mailing list! We'll promote your event online at no charge! Please submit at least 2 weeks in advance.

Oregon Coast Artists will promote the Oregon Coast artists and craftspeople as well as the area through search engine submissions, linking to other web sites where available and other methods of advertising. This is not a "build it and they will come" web site. In this way you will be able to focus on what you do best, knowing that someone is out there working for you 24/7.

## SERVICES

There are different levels of service starting at only \$8.00 per month for a link to your web site or \$200.00 for a one-page web site. Additional pages are available at a nominal price.

We can assist you in setting up your own web site and Domain Name with your own ISP. Basic updating is included in our monthly charges and maintenance is available at our usual rate.

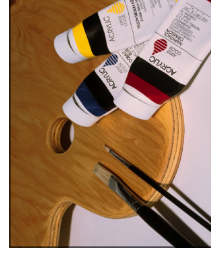

Already have a web site? We can link to it with a variety of options. Don't want a web site but would like to have an online presence? We can help! Don't worry! We'll work with you and your budget to come up with the best marketing plan tailored to your needs!

## SHOWCASE YOUR WORK

The Internet has become a great way to showcase your work to the entire world. Through Oregon Coast Artists, you will be able to present samples of your work, provide contact information for potential patrons to contact you and even a biography of yourself. Your copyright to your work is important! Care will be taken that

photographs of your creations such as paintings, photographs, etc. will be watermarked or only portions of the work placed online unless you prefer to have the entire piece showcased.

Once we have a web page designed, you can convert that to a PDF, flyer or brochure with minor changes or modifications. If you would be interested in taking your web page to print, please ask about our other services.

## FEATURING THE BEST OF THE OREGON COAST

We have very talented people living here on the Oregon Coast! You are our treasures! Call today to discuss how you can have a presence on the Wide World Web! It's easy and inexpensive and provides you the opportunity to sell your work world-wide!
